

Treatment Education Certificate Training

APLA's comprehensive Treatment Education Certificate Training will offer up-to-the-minute information on HIV treatment and will provide practical education skills for service providers who are primarily working with communities of color: treatment educators, case managers, nurse case managers, mental health professionals.

The training is facilitated by APLA Treatment Education staff and by clinical staff from USC-Pacific AIDS Education and Training Center. The 3-day training features a roster of leading HIV clinicians, researchers and educators presenting up-to-the-minute HIV/AIDS information.

Case managers, treatment and health educators, mental health professionals and clinical staff who are working in HIV/AIDS are welcome to apply. Participants must be able to attend all three days.

Registration is required. *Participation is contingent on confirmation of attendance.*
